PRINOTH CONNECT MAINTENANCE OVERVIEW

KEEP YOUR FLEET RUNNING SMOOTHLY

Whether it's a single snow groomer or an entire fleet, Maintenance Overview makes tracking repairs and servicing easy.

CUT COSTS, SAVE TIME

Standardized processes keep operations running smoothly. Includes integrated quick links for standard maintenance tasks that show detailed work instructions.

INCREASE SERVICE LIFE

Reduce downtime with scheduled maintenance and correctives. Keep service records that allow you to plan ahead for parts ordering through the online Prinoth Parts Shop.

ONE SYSTEM, FULL VISIBILITY

Keep maintenance information in one place; no more lost notes or messages.

EASY COMMUNICATION OF REPAIRS

Submit repair orders from your mobile device. Snap a photo, upload it, and get it fixed.

CUSTOM MAINTENANCE PLANS

Tailor manufacturer-recommended maintenance schedules or build plans from scratch with customer-specific service intervals.

FEATURES

- Intuitive interface that is easy to use on PC, tablet, or smartphone (Android & iOS)
- Automatic cloud backup and web-based sync across devices; linked to Prinoth Fleet Management
- Plan and organize maintenance work efficiently with standard and customized maintenance plans, history and reminders
- Monitor repairs and fleet health in real time
- Integrated with online resort management platform Skadii
