# SNOWPARK SERVICES EARTH WORK

## OPTIMIZE THE TERRAIN FOR YOUR SNOWPARKS

A well-planned terrain layout saves snow, time, and machine hours all season long. We develop a customized plan to shape the terrain for your snowpark, optimizing efficiency from day one.

### MAXIMIZE QUALITY, OPTIMIZE EFFICIENCY

Optimize the existing terrain to create a high-quality snowpark that enhances both the rider experience and operational efficiency—all with a streamlined, single-source plan.

### OPEN EARLY

Earthworks executed during the summer guarantee a fast and efficient setup and earlier opening of your snowpark.

### SAVE SNOW, TIME & ENERGY

Optimize the natural terrain to reduce snow production, fuel consumption, and machine hours, maximizing resources throughout the season.

### EXPERT SUPPORT, EVERY STEP OF THE WAY

From terrain optimization to final execution, we support you throughout your project to ensure the highest standards in efficiency and quality.

### WHAT YOU GAIN

- Customized to your goals, making sure you get the concept you need
- Resource calculations to minimize costs and secure your long-term success
- Digital construction guidance implemented in machine control systems for heavy duty machinery
- Comprehensive earthwork planning from a single source, perfectly tailored to fit your snowpark project
